FOREWORD

Alberta Agriculture and Forestry is pleased to present the 2018 edition of Alberta’s Agricultural Processing Industry Directory.

This Directory is the most comprehensive database of the food processing industry and its associations in Alberta. We are making considerable effort to maintain it and keep up with the continuously evolving agri-food industry in our province.

Over the last forty plus years, it has served as a guide for learning about our agri-processing industry and supporting agencies. Our Ministry, government agencies and business communities use it as a quick reference in developing their programming or for finding current company information including contact personnel, products and brand names.

The directory is divided into five sections.

1. **Alberta’s Agricultural Processing Industry Overview**
   Includes an overview of the value of the agricultural processing industry in Alberta, a summary of key contacts and services available to the agri-processing industry from Alberta Agriculture and Forestry, and statistical tables and charts.

2. **Alberta Product Index**
   Companies are listed alphabetically according to product categories. Page numbers are provided for easy access to the detailed company information.

3. **Alberta’s Agricultural Processing Companies**
   Companies are listed in alphabetical order. Current company information is provided including address, telephone, fax, email, web site, management contacts, export contacts, products and brands.

4. **Industry Organizations**
   Information is provided for key agri-food industry organizations including address, telephone, fax, email, web site and contacts.

5. **Company Location Index**
   Companies are listed by their location in the province. An Alberta map is been included for a quick reference.

A pdf of the directory is available on the web:  [http://www.agric.gov.ab.ca/app68/foodindustry](http://www.agric.gov.ab.ca/app68/foodindustry)

Company location online:  [http://www.agric.gov.ab.ca/app68/listings/foodindustry/foodindustry_map.jsp](http://www.agric.gov.ab.ca/app68/listings/foodindustry/foodindustry_map.jsp)

Considerable effort has been taken to ensure the accuracy of the company listings and information shown and we regret any errors or omissions. The directory was prepared by the collation of information made available to Alberta Agriculture and Forestry. Neither the Department nor any of its employees assume any legal liability or responsibility for the accuracy or completeness of the information. The listing of any company or product in this guide does not reflect an endorsement of the company or product by Alberta Agriculture and Forestry. Alberta companies are asked to assist in keeping this directory current. As changes occur in the information presented for any company or organization, or if you are an Alberta processor and wish to be included in the next edition, contact the Ag-Info Centre at 310-3276.

Food and Value Added Processing Division

The Food and Value Added Processing Division of Alberta Agriculture and Forestry delivers business development services to agriculture businesses, food processors and organizations. Business development activities focus on improving the competitiveness and profitability of industry clients. The Rural Development Branch leads programs and initiatives for 4-H, Farm Safety, Green Certificate, Farmers Markets, Agriculture Service Boards, Agricultural Societies, Agriculture Initiatives, Agriculture Opportunity Fund, and Rural Utilities.

Our industry development services include:

**Ag-Info Centre**

Toll-Free in Alberta: 310 FARM (310-3276) | Out of province: 403-742-7901
duke@gov.ab.ca

The Ag-Info Centre is your primary link to agricultural resources and information. Resource Agents and Specialists in the areas of crops, beef and forage, farm management and commercial horticulture are available to answer producer inquiries.

**Crop Extension Section**

Phone: 780-644-2967 | Toll-Free: 310-0000

“Connect. Innovate. Thrive”

The Crop Extension Section (CES) combines high impact extension with business development services to assist the crop production and processing industries in achieving success. CES staff provides relevant information and connections to assist industry to remain competitive, and capture new opportunities for growth, productivity and profitability through product launches, expansion, commercialization and access to markets. The CES team is comprised of professionals in the areas of food processing / product development, knowledge translation/transfer, crop production and woodlot utilization.

**Livestock & Farm Business Development Section**

Phone: 403-556-4326 | Toll-Free: 310-0000

“We will work with clients and industry groups that are ready, willing, and able to change, learn and improve.”

This Section provides support to livestock producers in value chains to expand livestock production to supply slaughter capacity, identify new markets including diversified livestock and add value to primary production. Development Officers assist processors of meat products and other products derived from livestock including eggs, pet food and non-food products.

**Local/Domestic Market Expansion Section**

Phone: 780-968-3553 (Toll-Free 310-0000)

“helping to grow Alberta’s local food market”

Support provided for entrepreneurs involved in agricultural-related industries including food and non-food processing, farm direct sales, on-farm processing, and organics. Coaching is provided in areas such as self-assessment, marketing, business planning, financing, regulations, pricing, and cost of production. Follow-up support and connection to Alberta Agriculture and Forestry and other industry expertise provided.

**Processing Industry & Workforce Development Section**

Phone 780-968-3550 (Toll-Free 310-0000)

“your link to innovative business solutions”

This team delivers business development services to ensure opportunity development and expansion of markets for agri-business. Services are customized to support your company’s business improvement goals and include: market expansion, access to capital, investment planning, business incubation, workforce development and value chain strategies.
Key Services for Agri-Processors

Alberta Agriculture and Forestry

Services for Agri Processors: www.agric.gov.ab.ca/app68/agriprocessors

This link provides Alberta’s agricultural processors with a comprehensive database of food distribution channels and other service providers. Each listing provides detailed contact information and available services.

Agrivalue Processing Business Incubator

Phone: 780-980-4244 (Toll Free: 310-0000)

The Agrivalue Processing Business Incubator (APBI) is a 75,000 sq ft, Canadian Food Inspection Agency registered facility offering privately accessed, fully serviced food processing suites of varying size, design and leasing costs. It is complemented with shared shipping and receiving bays and cold storage. The APBI is dedicated to assisting food processors in the scale-up and commercialization of new products and technologies so they can eventually establish their own facilities. Early stage business entrepreneurs and the more established food organizations will find the Incubator and its array of services a unique avenue for developing and processing a variety of food products for the value-added market.

Food Processing Development Centre

Phone: 780-986-4793 (Toll Free: 310-0000)

The Food Processing Development Centre (FPDC) in Leduc houses a fully equipped pilot plant and product development laboratories that are staffed with experienced food scientists, engineers and technologists. The Centre services are designed to strengthen and expand the capability of Alberta’s food processors to meet the challenges of the marketplace through application of new technology and the development of new or improved products and processes. Services available to the agri-food industry include applied research, product and process development, product and process scale up and interim processing.

Food Science and Technology Centre

Crop Diversification Centre South: Phone: 403-362-1346 (Toll Free: 310-0000)

Located in Brooks, The Food Science and Technology Centre (FSTC) offers expertise for the food and pet food industries. The FSTC facility includes an analytical laboratory, a pilot plant and an extrusion processing plant. The Analytical Program provides chemical and physical analyses to test key components of food and crop quality while the Pet Food and Extrusion Program offers proprietary product and process development as well as pilot-scale extrusion production to the pet food industries. Experienced scientists and technologists work with entrepreneurs and established companies to help turn concepts into products.

Sensory Evaluation Centres

Food Processing Development Centre: Phone 780-986-4793 (Toll Free 310-0000)

Consumer Product Testing Centre: Phone: 780-415-6268 (Toll Free 310-0000)

The Centres provide a comprehensive and sophisticated package of sensory evaluation services that can be applied across a broad range of food product categories and agricultural commodity areas. Consumer panels are typically used to measure product acceptability and to provide a deeper understanding about specific product attributes such as flavour, appearance and texture. Through the use of trained panels, researchers and industry assess the effect of ingredients and processes on their product by measuring human responses that cannot be predicted by chemical or instrumental measures.
Bio-Industrial Opportunities Section
Phone: 780-644-8118

The Bio-Industrial Opportunities (BIO) Section helps to advance the low-carbon circular bioeconomy. Create jobs and stimulate economic diversification by valorizing Alberta’s bio-based resources. We provide technical and business development support to help spur innovation, commercialization and industry development. We are comprised of a team of dedicated professionals who can assist you to advance your bio-based project from biomaterials and bio-based chemicals to bioenergy and natural health products.

The business development services provide expertise; specialized knowledge to identify and create new opportunities; and connections to help industry in business planning, strategic consultation, collaboration, networking, and industry advocacy in clean energy, biochemical, biomaterials, biocluster and industrial hemp.

The technical services offer a suite of state of the art processing equipment and expertise to develop, demonstrate and scale up technologies in waste/by product utilization, product and process development, crop fractionation, ingredients identification and biomass utilization with a goal to maximize values of agriculture biomass. The newly opened Bio Processing Innovation Centre (BPIC) provide essential product development and scale-up support for fibre cleaning and refinement, grain fractionation, separation, extraction, polymerization and extrusion. With a natural health product (NHP) licence from Health Canada, the facility can also work with cosmetic/personal care products and NHP’S.

Food Safety Branch
Phone: 780-644-2372 (Toll Free: 310-0000)
www.agriculture.alberta.ca/foodsafety

The Food Safety Branch focuses on safe food systems and supporting market access for Alberta’s agriculture and food industry. The Branch facilitates the adoption of internationally-accepted food safety systems and standards in food production and processing; provides meat and dairy inspection in provincially-licensed facilities; collaborates with partners in food safety initiatives; prepares for and responds to food safety incidents; and conducts laboratory analysis in support of programs and regulatory requirements.

International Relations and Marketing Section
Annalisa Baer
www.agrifoodalberta.ca

The International Relations and Marketing Section works to support the growth and diversity of Alberta’s agricultural exports, and advance market access issues. Experienced Trade & Relations Officers work with a network of contacts to facilitate international market development, identify opportunities, and support investment. Alberta companies interested in pursuing export markets can contact the section for: market information and intelligence; export assistance and advice; market opportunities; and buyer/seller connections.

Alberta Food Processors Association (AFPA)
A non-profit organization representing all segments of the food and beverage industry: growers, processors, retailers, foodservice buyers, co-packers and service suppliers.
AFPA helps members solve problems, save money, manage risk and strengthen business through food safety, workplace health and safety programs and training, marketing and logistics and innovation. AFPA provides a single voice for industry by advocating on behalf of the industry to all levels of government.

Agri-Processing Industry Statistics

In 2017, food, beverage and feed industries were Alberta’s largest manufacturing sector.

- Food and beverage processing accounted for $15.0 billion or 21.0 per cent of total provincial manufacturing sales.
- Employed 23,000 persons (food and beverage manufacturing industries) or 19.3 per cent of Alberta’s employed manufacturing workforce. OR
- Employed 20,900 persons (food industries only) or 17.5 per cent of Alberta’s manufacturing workforce.
- Alberta exported $4.1 billion of food and beverage products to international markets or 27.5 per cent of the total value of food and beverage manufacturing sales ($15.0 billion).

### Alberta Food and Beverage Manufacturing Sales by Type, 2017
